### Helping Hands Business Services

I wish to record a special note of thanks and appreciation to Helen for making the three-day East of England Show such an enjoyable experience. She set the stand up and always manned my half until I arrived much later after sorting out my domestic arrangements. This was our first Show and even though we were on the steepest learning curve ever, Helen was hugely supportive and encouraging throughout.

Many of you will know that Helen gives her support and help quietly and unstintingly and I saw this again, several times at first hand, over the three days I spent with her at the Show. Helen works hard, is a true professional and I would have no hesitation in recommending her to anyone in my personal or professional network.

Thank you again Helen.

Yours sincerely

Wendy Ingrey FCIPD  
Director  
HR Dept
